Lastly, Director Karns addressed the priorities for the year (noted in section IV).

- a. **Continuing Education Form/Review-** an updated Continuing Education (CEU) Form was presented by office staff. Committee members noted changes and revisions they would like to see made (Specifically the committee wanted to see a header on all pages of the form and the drop-down menu box relocated). The committee requested an updated CEU form to be presented at the next strategic planning committee meeting in March.
- b. **KSBTP Social Media Use-** Ms. Faulkner requested Ben Thursby review the LinkedIn pages from other states' professional licensing agencies to get an idea of what a good format might be. Discussion was also had relating to how KSBTP social media platforms could be used to conduct outreach to licensees. Ms. Faulkner noted that the social media priority should remain a high importance goal for the committee.
- c. **Fine Schedule-** The committee was presented with documentation from other states regarding licensing fine guidelines, with the State of Missouri being the most recent neighboring state to provide information to the KSBTP on the topic. The committee discussed guidelines relating fines in relation to using a scoring card average system and the benefits of each system. The committee also requested that KBTP staff provide as list of states who do not have established fine schedules or guidelines to get a better picture of what specific states are doing relating to fines. The committee elected to table the discussion until the next meeting as well as provide an overview on the discussed topic to Deputy AG Will Skepnek for additional input.
- d. **Kansas Statute Review-** Deputy AG Nicole Turner advised the committee that she is currently reviewing the verbiage in KAR. 66-14-1 and 66-14-2. Ms. Turner noted that she is projecting to have the review done by the full board meeting in April and that the formatting of the proposed

verbiage has been complete, and she is currently conducting a line-by-line review. Ms. Turner advised will also continue to work with Director Karns to develop a plan of action for future reviews. The committee discussed the review timeline as well as keeping the statute review a high committee priority and requested Ms. Turner provide suggested guidance on highlighted verbiage in the regulation that the board had questions on.
