

AD ASTRA PER ASPERA

Kansas

Board of Technical Professions

The seal may be a rubber stamp, an embossed seal, or a computer-generated seal consisting of two concentric circles.

The outer circle shall be 1-5/8 inches in diameter. The inner circle shall be 1-1/16 inches in diameter. The area between the two circles shall contain the licensee's name at the top and [profession name: *PROFESSIONAL ENGINEER, ARCHITECT, PROFESSIONAL SURVEYOR, LANDSCAPE ARCHITECT, or PROFESSIONAL GEOLOGIST*] below.

The inner circle shall contain the words "LICENSED" at the top, and "KANSAS" below, and the number of the license certificate in the center.

Refer to K.A.R. 66-6-1 for sealing and signature requirements.
