

## Kansas State Specific Land Surveying Examination

As of October 2012, the state specific surveyor exam will be split into two parts. Per K.A.R. 66-8-4, passing this exam is required of each applicant applying for a Professional Surveying license in the state of Kansas. Both parts of the exam are open book.

### **Part I — GENERAL:** (Multiple Choice)

- |   |     |
|---|-----|
| ➤ Kansas Minimum Standards for Property Boundary Standards            | 54% |
| ➤ Rules & Statutes of the Kansas State Board of Technical Professions | 27% |
| ➤ Kansas State Plane and Coordinate System                            | 11% |
| ➤ Kansas Riparian Boundaries  | 8%  |

### **Part II — GENERAL:** (Multiple Choice & Mathematical)

- |   |     |
|---|-----|
| ➤ Original GLO Procedures; the GLO system as it applies to KS;<br>GLO Section Protraction | 30% |
| ➤ Numerical calculator problems applied to USPLSS for KS ( <b>Calc</b> )                  | 37% |
| ➤ Resurveys of the US Public Land Survey System   | 33% |

You must have successful results on each part of the KSS to pass the exam. Per K.A.R. 66-8-6, any applicant who fails an examination on the first attempt may retake the examination two additional times without having to address the deficiencies on their performance with the Board.

"Boundary Surveying in Kansas" by Norman Bowers and Steve Brosemer is a recommended study material. The book can be purchased on the KSLs website.
