APPLICATION FOR

PROFESSIONAL GEOLOGIST LICENSURE BY EXAM

INSTRUCTIONS: Applicants should read all statutes, rules and regulations for specific details regarding requirements. All statutes, rules & regulations are available on our website.

- ♦ Foreign Degree: Foreign degrees must be evaluated. Contact the Board office for more information.
- ♦ Special Accommodations: The Kansas Board will make every effort to accommodate candidates needing special accommodations. Attach a letter of explanation for accommodation to this application.

A COMPLETE APPLICATION WILL INCLUDE THE FOLLOWING:

- 1. **COMPLETED APPLICATION FORM** Print completed form, sign and date, then send all information to KSBTP. Pending applications are kept on file for one year.
- 2. APPLICATION FEE --\$60.00 non-refundable application fee. Make checks payable to: Kansas State Board of Technical Professions
- 3. **TRANSCRIPTS** Official transcripts are required for all educational credit claimed. Send an "official," sealed transcript or have the school send a transcript directly to KSBTP. Do not send photocopies or unsealed transcripts.
- 4. **VERIFICATION** Send the "Verification of Exam/Licensure" form on Page 9 to the state board (if not Kansas) where the Fundamentals of Geology exam was taken with instructions to return promptly to KSBTP.
- 5. **EXPERIENCE RECORD** Geology work experience must be performed under the direct supervision of a licensed professional geologist for work performed after July 1, 2000, except that direct supervision of a licensed geologist is not required of the employees of any person, firm or corporation not offering services in the technical professions to the public, as per K.A.R. 66-10-13. Experience must be completed before applying for the Professional Geology exam. In order to qualify for the Professional Geologist exam, applicant must have first passed the Fundamentals of Geology exam.
- 6. **PROFESSIONAL REFERENCES** In accordance with K.A.R. 66-10-14(e), applicant is required to have at least three references. Two references must be licensed geologists. One reference may be a licensed engineer. Four years of experience must be verified by persons familiar with applicant's geology experience. Professional reference forms must be returned <u>directly</u> to the board office from the person supplying the information. The Reference Forms may be 'handwritten.'

Application is not complete until the application and supporting documentation have been received by the board office. Only complete applications will be submitted to the Board for evaluation. Applicant will be notified in writing of Board action.

MAIL COMPLETE APPLICATION FILE TO KSBTP AT ADDRESS LISTED ABOVE.

Handwritten or incomplete forms will NOT be accepted.

ASBOG® EXAMINATION INFORMATION

The written examination given by the Kansas Board is developed by the National Association of State Boards of Geology (ASBOG®) and consists of two four-hour parts; a Fundamentals of Geology (FG) exam and a Practice of Geology (PG) exam. Each examination uses a four-option multiple-choice format. The FG and PG examinations contain 140 and 110 questions, respectively. Both examinations are "closed-book" and are administered on a single day during the spring and fall each year. For each exam, a scaled score of 70 is the minimum passing score. Examination information is available from ASBOG in the Professional Geologists Candidate Handbook available at www.asbog.org.

REQUIREMENTS FOR GEOLOGY CANDIDATES FOR LICENSURE BY EXAMINATION

*Fundamentals Exam in Geology (FG) is required prior to taking the Practice of Geology Exam.

Pipeline	Classification	Max. Credit	FG	Experience Required	Total Education
		For Education	*	for Exam	and Experience
A	Graduate with a BS or BA major in

APPLICANT NAME:

PROFESSIONAL EXPERIENCE RECORD

Important: Read all instructions in this section before completing experience record.

- 1. In chronological order beginning with date baccalaureate degree was conferred, enter month and year of all engagements (geology and non-geology and times of unemployment). The letter (a) designates the first engagement. Letter subsequent engagements consecutively with (b), (c), etc. Engagements can be divided by company, by job title or time of unemployment. Do not leave any time gaps from graduation to the present.
- 2. In column 3, state the title of your position, the name and address of your employer. If you have been employed by more than one employer, each is considered a separate engagement. Geology engagements must be explained in detail giving at least two specific project examples. Non geology or unemployment entries need only be a brief explanation of activities during those times. No references are needed for non geology engagements.
- 3. Using years and months, enter total time spent on engagement (or time of unemployment) in Column 4. Enter the time spent in activity other than geology in Column 5 (Non-Geology). Enter the time spent in geology in Column 6 (Geology). Columns 5 and 6 should equal Column 4. Enter totals on last page only. Use more pages if needed.
- 4. Four years of geology experience must be verified by an employer/supervisor. In column (7), enter the name and license number of the individual who will verify each engagement. Send reference forms (Pages 5 and 6) and a copy of the Professional Experience Record to each individual listed in this column. Each geology engagement must be verified to obtain credit. Applicant is required to have a minimum of three references that are familiar with the applicant's geology experience. At least two of these references shall be licensed geologists. One of the three references may be a professional engineer.

NOTICE OF REFERENCE REQUEST

APP	PLICANT INFORMATION: (To be completed by APPLICANT)	
1.	APPLICANT NAME:	
2.	Date for form to reach KSBTP:	
Re	ference Name:	
Re	ference Address:	

To the Reference: The applicant listed above has given your name as an employer or one who is acquainted with one or more experience engagements listed in the experience record form accompanying this reference form. This Board is required by law to obtain evidence of the technical ability of applicants for licensure. Statements by responsible individuals with personal knowledge of the applicant's qualifications will be considered as evidence. Additional information may be attached. The Reference Forms may be 'handwritten'. Please write legibly.

The Board would like to emphasize that evidence submitted on this form must not be perfunctory nor made for the mere purpose of aiding the applicant to be licensed. The execution of this statement will be accepted by the Board as a deliberate act made with full knowledge of the responsibility to protect the public health, safety and welfare. It should be borne in mind that the applicant is not being considered for membership in an organization but for licensure as a geologist in Kansas.

Since the Board cannot process this application until receipt of this reference, a prompt reply will expedite the handling of the application. Your professional seal is required on this form. If you have no seal, please send a copy of your license.

THIS INFORMATION WILL BE TREATED IN THE STRICTEST CONFIDENCE.

The **REFERENCE FORM FOR EXPERIENCE VERIFICATION** (which should be enclosed with this Notice) is to be returned <u>directly</u> to the board office:

The Kansas State Board of Technical Professions is utilizing the following guidelines as they pertain to K.A.R. 66-10-13, which states that geology work shall be directly supervised and verified by a licensed geologist for work performed after July 1, 2000. However, direct supervision of a licensed geologist shall not be required of the employees of any person, firm or corporation that does not offer services in the technical professions to the public, although verification by the applicant's supervisor shall still be required.

GUIDELINES FOR DIRECT SUPERVISION

It is the position of the Kansas State Board of Technical Professions that the phrase "direct supervision" shall mean that there are clear indications of phased interaction between the professional acting as the supervisor and the Intern. Such interaction should include: (1) a pre-job conference, (2) a job review, (3) timely job interaction, and (4) a post-job review.

While this phased interaction is not required to transpire in the same geographic location, at a minimum, the supervising professional shall review the job site to determine the applicability of the Intern's approval.

If direct supervision is not available within the firm/organization, the Kansas State Board of Technical Professions may allow the job supervision to occur outside of the firm/organization with a licensed geologist, providing the above requirements are met.
