

Kansas State Board of Technical Professions

Board Elects New Officers for 2014-2015

Vince Mancini, Architect,
Board Chair, 2014-2015

The Kansas State Board of Technical Professions elected officers for 2014-2015 at their meeting on July 11, 2014. Vince Mancini, Architect, was elected Board Chair.

Mr. Mancini is from Sublette, Kansas, and was appointed to the Board in June 2006. He has served on the AIA Kansas Board of Directors, including a term as President in 1997. He is a recipient of the AIA Kansas Henry W. Schirmer Distinguished Service Award. He is licensed to practice architecture in the states of Kansas, California, Colorado, and Oklahoma.

Mr. Mancini presents former Board Chair, Forrest Erickson, P.E. with Appreciation Award.

- Board Elects Officers for 2014-2015
- 3 Board Members are Reappointed

The other officers elected were: Vice Chair-Steve Brosemer, P.S.; Secretary-Robert Henthorne, P.G.; Chair of ARCH/LA/PG Committee-Eric Wimmer, Architect, Public Member; and Chair of PE/PS Committee-Maurice Bowersox, P.E.

Board Members Receive Recognition Awards

Board Members, L to R:
Forrest Erickson, P.E.;
Steve Brosemer, P.S.; and
Vince Mancini, Architect.

Three Board Members received Service Recognition Awards at the May 9, 2014 Board meeting. Forrest Erickson, P.E., received an award for four years of service on the Board. He was first appointed in July 2010. Steve Brosemer, P.S., received an award for six years of service on the Board. He was first appointed in July 2008. Vince Mancini, Architect, received an award for eight years of service on the Board. He was first appointed in July 2006.

All three Board Members have been reappointed by the Governor to serve four additional years on the Board until June 30, 2018.

Disciplinary Action Taken by the Board

IN THE MATTER OF KENNETH PAUL JOHNSON, L.S.

Mark L. Bennett, Jr.
Board Attorney

Summary: On July 31, 2013 the Kansas State Board of Technical Professions received a report of alleged violation from the Kansas Department of Transportation. In that report the reporting individual indicated that Mr. Johnson had performed a survey utilizing temporary positions to single proportion corners on the interior of a township. Further, Mr. Johnson appeared to have not retraced permanent surveys of record and had intermixed differing surveys to proportion. Additionally, it was alleged that the land survey reference reports were not filed with regard to all corners and that the filed reports reflected obliterated monument status when it appeared that they were considered as having been lost.

Following receipt of the alleged violation the matter was referred to one of the Board's licensed land surveyor investigators for investigation. The investigator reached the conclusion that Mr. Johnson had deviated from generally accepted land surveying practices in performing the subject survey.

Board Action: The Board and Mr. Johnson resolved this matter by way of a Settlement Agreement and Consent Order which contained the following terms of Settlement: (1) The Respondent, Kenneth Paul Johnson shall immediately conform his land surveying practices to generally accepted land surveying practices in the State of Kansas and to the minimum standards for boundary surveys as adopted by the Kansas State Board of Technical Professions in K.A.R. 66-12-1. (2) Respondent shall perform a re-survey of the referenced survey in question which will depict all elements necessary to the survey in a manner that will conform with the Kansas minimum standards for boundary surveys and the report of the Board's investigator in this matter within 90 days of the Board's approval of this Settlement Agreement. (3) Respondent shall pay all expenses of the Board including attorney and investigation fees incurred in the investigation and prosecution of this matter in the amount

of \$1,456.36 and a fine in the amount of \$1,500.00 for a total of \$2,956.36.

Status: *Mr. Johnson has paid in full the fine and costs required by the Settlement Agreement and Consent Order. He is presently in the process of making corrections to the survey as required by the Board.*

IN THE MATTER OF STEVE W. PETTY AND FOUNDATION KING, LLC

Summary: On November 6, 2013 a hearing panel of the Kansas State Board of Technical Professions entered its FINAL ORDER in which it determined that Steve W. Petty and Foundation King, LLC had engaged in the practice of the technical profession of engineering in Kansas without benefit of licensure. As a result of that determination the panel ordered both Mr. Petty and Foundation King, LLC to immediately cease and desist from the practice of engineering or holding themselves out as authorized to practice the technical profession of engineering in the State of Kansas until such time as they were licensed to do so by the Board. Additionally, an order was entered directing Mr. Petty and Foundation King, LLC to pay the Board's investigative costs, attorney fees and fines totaling \$5,000.00. As of June 20, 2014 Mr. Petty and Foundation King, LLC had only paid \$450.00 of the total amount ordered of \$5,000.00.

Board Action: As a result of Mr. Petty and Foundation King, LLC's failure to pay the total fine and costs in the amount of \$5000.00 on a timely basis, the complaint committee of the Board directed its counsel to file a Petition for Civil Enforcement of the Agency Action pursuant to K.S.A. 77-624 in the District Court of Shawnee County, Kansas. Said Petition was filed on June 20, 2014 and said Petition is presently pending in the District Court of Shawnee County, Kansas.

Disclaimer: Every effort has been made to ensure that the following enforcement information is correct; however, this information should not be relied upon without verification from the Kansas board office. It should be noted that the names of companies and individuals listed may be similar to the names of parties who have not had enforcement actions taken against them. Disciplinary orders are public information and copies may be obtained by contacting the board office.

AGENCY MISSION

The Mission of the Kansas State Board of Technical Professions is to provide maximum protection of the health, safety, property and welfare of the people of Kansas by assuring that the practice of architecture, engineering, geology, landscape architecture and surveying in the state is carried out only by those persons who are proven to be qualified as prescribed by the statutes and rules and regulations of the Board.

LICENSURE RECOGNITION CEREMONY

The Licensure Recognition Ceremony for newly licensed Architects, Landscape Architects, Professional Engineers, Professional Geologists and Professional Surveyors was held on July 11, 2014, at the Kansas State Historical Society, Topeka, Kansas. Licensure certificates were presented to licensees who recently passed their licensing exams. Joining the new licensees to celebrate this milestone in their careers were family, friends, supervisors, mentors and coworkers. More than 100 people attended the ceremony. The ceremony was a joint effort of the Kansas Society of Professional Engineers, the Kansas Society of Land Surveyors, American Institute of Architects in Kansas, Association of Environmental and Engineering Geologists, Prairie Gateway Chapter of the American Society of Landscape Architects and the Kansas State Board of Technical Professions.

The Keynote Speaker for the program was Tom C. Roberts, Assistant Dean Emeritus, Recruitment & Leadership Development, College of Engineering, Kansas State University.

Professional Licensure Recognition Ceremony—July 11, 2014

NCARB 2014 ANNUAL MEETING

Submitted by: Vince Mancini, Architect

The 95th annual meeting of the National Council of Architectural Registration Boards was held June 18 through June 22 in Philadelphia, Pa. Voting delegates from 52 of the 54 Member State Registration Boards were represented at the meeting and conference. Representing the Kansas State Board of Technical Professions were architect members Dave Hoffman FAIA, Wendy Ornelas FAIA, Vince Mancini AIA, Public Board Member Eric Wimmer, and Executive Director Mary Leigh Dyck.

Several modifications that will affect the IDP, BEA, BEFA, ARE and transition to ARE 5.0 included:

- Effective October 1, 2014, the wait time for retesting ARE divisions will decrease from six months to 60 days with up to three retakes allowed in a running year.
- IDP credit for hours completed beyond six months. Effective July 1, 2014, credit allowed for intern experience that occurred up to five years previous to the current reporting requirements of six months. Credit for experience older than eight months will be valued at 50% for up to five years, after which any experience would be ineligible for credit.
- Member Boards have been requested to participate in a survey of proposed modifications to realign the Intern Development Program to reflect contemporary practice and to streamline the IDP Program requirement hours. The BEA, and BEFA eligibility requirements are also being reviewed.
- NCARB Task Force to explore additional pathways to licensure integrating the three components of licensure – education, experience, and examination.

We attended workshops to expand on the above topics.

Information from a new third edition of the booklet titled "NCARB By The Numbers" was presented. This booklet provides answers to questions about the profession from the NCARB database that may be of interest. Examples noted by NCARB's Director of Information Systems, Guillermo Ortiz de Zarate included:

- Applications for NCARB Records – the initial step to licensure- continue to increase.
- The number of interns completing the IDP and ARE remains strong and the age of initial licensure continues to decline.
- The median time to complete the ARE since its computerized deployment in 1997 is 1.8 years.

See the NCARB web site, www.ncarb.org, to download this informative booklet.

President/Board Chair Dale McKinney and NCARB CEO Michael Armstrong gave an overview of this past year's activities. Mr. McKinney also mentioned a new task force to review the terminology used for those who are architect candidates and those who are licensed architects.

The Treasurer's Report and the FY15 Budget was presented by Margo Jones; the report was very positive with no anticipated or planned fee increases (see following Resolution 04).

Five Resolutions were brought before the Delegates for consideration and all five resolutions were passed. Following is a summary of the Resolutions (complete text and additional background information for each Resolution should be viewed and read on the NCARB web site (www.ncarb.org)).

Resolution 01: Certification Guidelines Amendment – Modifications to the Education Requirement. Addresses occasional cases that cannot be resolved administratively when evaluating the educational prerequisite to licensure regarding the date of a school's NAAB accreditation and degree conferment for a candidate.

Resolution 02: Certification Guidelines Amendment – Modification to the BEA Requirements. Allows experience "gained while holding a registration issued by any U.S. jurisdiction" (in addition to the other requirements).

Resolutions 03: Omnibus Bylaws Changes -Bylaws Amendment. This resolution was designed to capture the current and evolving state of various NCARB committees, as well as adjust Bylaws to better reflect current practice.

Resolution 04: Freeze of Member Dues and Bylaws Amendment

Resolution 05: Bylaws Change – Regional Directors - After March 1, 2017 certain candidates (as described in the Resolution) for Regional Director or Officer shall hold an active NCARB Certificate, in every case at the time he or she is nominated by the Region.

NCARB Election results for FY 2015:

President/ Board Chair: Dale McKinney, FAIA, NCARB, Sioux City, IA

First Vice President/President Elect: Dennis S. Ward, AIA, NCARB, Florence, SC

NCARB 2014 Annual Meeting, cont.

Second Vice President: Margo P. Jones, AIA, NCARB, LEED AP, Greenfield, MA

Treasurer: Kristine A. Harding, AIA, NCARB, Leed, GA

Secretary: Gregory L. Erny, AIA, NCARB, Reno, Nevada

Past President: Blakely C. Dunn AIA, NCARB, El Dorado, AR

Member Board Executive Director: Kingsley J. Glasgow, Little Rock, AR

Public Director: John G. Cameron Jr, Grand Rapids, MI

There are 6 regional Directors on the NCARB Board of Directors. KSBTP, Architect Member of the Board, David L. Hoffman, FAIA, NCARB, Wichita, KS continues as Region 5 Director to the FY15 NCARB Board.

Lastly, both K.S.U. and K.U. were among the five Architecture schools that were recognized by the NCARB Award Program for their 2013 submissions. Kansas State University College of Architecture, Planning & Design received one of the three \$25000 awards for their entry titled "Designing for Performance: Research and Innovation in Building Envelopes". The University of Kansas School of Architecture received one of the two Honorable Mention awards for their entry titled "Integrating Specialized Knowledge: a 'mini' MOOC Pilot". Congratulations to both K.S.U. College of Architecture, Planning & Design and K.U. School of Architecture, Design & Planning.

LANDSCAPE ARCHITECT LICENSES

Cancelled December 31, 2013

The following Landscape Architect licenses expired 12/31/13 and have been cancelled for non-renewal:

Name	License No.
Elizabeth L. Mingle	468
Elizabeth E. Nelson	744
Gary D. Raffety	210
George Robert Richardson	279
Bradley Alan Smith	793
Russell Herman Virgin	360
M. Cole Welch	633
Mary Anne M. Wells	623

FIFTH FLOOR VIEWS

"If you don't know where you are going, you'll end up someplace else." - Yogi Berra

Planning for the future. We all do it. At the Board Office, we work to protect the health, safety, property and welfare of Kansas citizens now and for the future.

Many of you have talked to Melissa, the new Assistant Director, who works with Certificates of Authorization for business entities. Mike works with new applications for exam and licensure by comity/reciprocity. Marilyn works with renewals and accounts receivable. Carol works with exams and verifications. This office works to be the best we can be. Contact us to help answer questions so we all end up at the right place.

The view from our fifth floor office in the Landon State Office Building has offered a glimpse of the renovation of the State Capitol Building. All five technical professions have been involved with the project. It is ready for future generations of Kansans and a way to show friends and family examples of what you do as a professional. Bring someone to tour the building. It is a look into the future and a reminder that we DO know where we are going.

-Mary Leigh Dyck, new Executive Director

DID YOU KNOW?

The new Statutes have added "professional" to the terms "geologists" and "surveyors" as listed throughout various statutes of the Board. Corresponding regulations are being updated at this time.

Kansas Board Members, NCARB, June 20, 2014 (L-R: Eric Wimmer, Dave Hoffman, Vince Mancini, Wendy Ornelas)

NCEES EXAM REGISTRATION DEAD- LINES FOR OCTOBER 2014 EXAMS

All examinees must have been approved by the KANSAS BOARD for the October 2014 exam, and then must register with the NCEES Examinee Management System by August 28, 2014. For more information, check the NCEES web page at: www.ncees.org. Since the deadline to apply for the October exams has passed, the next deadline to apply at KSBTP is January 15, 2015. Apply early before the deadline for best customer service.

FUNDAMENTALS OF ENGINEERING INFORMATION

An FE examinee will have no contact with the Kansas State Board of Technical Professions until after they have passed the FE exam and have graduated. At that time they may apply to the Board for an Intern Engineer Certificate. The application is on the Board's website, www.ksbtp.ks.gov.

NCEES CENTRAL ZONE MEETING MAY 15-17, 2014, Lincoln, NE

Kansas Board of Technical Professions Board Members attended the NCEES Central Zone Meeting May 15-17, 2014 in Lincoln, Nebraska. Resolutions were discussed that will be presented at the NCEES Annual Meeting in August 2014.

At this meeting, Kansas Board Member Richard Hayter, Ph.D., P.E., was elected to the position of Assistant Vice Chair of the Central Zone. Kansas Board Member Larry Graham, P.E., P.S., was elected to the position of Secretary/Treasurer of the Central Zone. The NCEES Central Zone includes Kansas, Nebraska, North Dakota, South Dakota, Minnesota, Iowa, Missouri, Wisconsin, Illinois, Indiana, Michigan and Ohio.

PROFESSIONAL SURVEYORS

REMINDER: All activities offering the required continuing education credit for 2 PDHs per year on the "***Kansas Minimum Standards for Boundary Surveys and Mortgage Title Inspections Standards of Practice***" must be pre-approved by the Board.

At this time, three courses have been approved by the Board. Please check the KSBTP Web site on the 'Surveyors' page at: <http://www.ksbtp.ks.gov/professions/surveyors> for the most current information.

CONGRATULATIONS!
